# Educational Conference on Workers' Compensation

*Utilization & Treatment Guidelines in a  
Workers' Compensation System*

**Tuesday, January 13**

**Best Western Great Northern**

**Helena, MT**

The one-day event will feature keynote talks by national experts on utilization and treatment guidelines and a panel with jurisdictional representatives to address the experience of adopting guidelines in each of those jurisdictions.

Free shuttle service to the conference will be available.

## **Confirmed Speakers:**

Dr. William Nemeth, a practicing orthopedic physician and former full-time medical director for the Texas Workers' Compensation Commission. Dr Nemeth is the Medical Director for Restore FX, an interdisciplinary program for patients with chronic pain, and also a medical advisor for the Texas Association of School Boards Risk Management Division.

Dr. Teryl Nuckols, is an Assistant Professor of Internal Medicine at the University of California, Los Angeles (UCLA) and a Health Services Researcher at the RAND Corporation. Her clinical and teaching activities at UCLA focus on the care of hospitalized patients. Her research interests involve evaluating the quality and safety of medical care and assessing the cost implications of strategies to improve quality and safety.
